

Hypocrisy Unveiled

By Pastor Eli James

“Beware the leaven of the Pharisees, which is hypocrisy.” (Luke 12:1)

Every Christian should know that Yahweh, our Father, hates hypocrisy. Yet, this world is full of hypocrites who say one thing and do another. Let’s review some of the most blatant double standards under which we are forced to live:

It’s kosher for Jews to be an unassimilated ethnic culture, but it is “hate” for Whites to retain theirs.

White Christian nations must absorb the world’s non-Christian immigrants, but the Israeli State reserves the right to accept only Jews.

In the Thirties, Forties, Fifties and Sixties, Jewish groups fiercely defended the right of communists to advocate the violent overthrow of America. Today, Jewish groups exert all of their influence in trying to prevent historical revisionists from publicly discussing serious problems with the validity of holocaust claims. Such individuals, as Ernst Zundel, Germar Rudolph, David Irving, and scores of others, are actively persecuted and prosecuted by the same Jewish groups that, five decades ago, defended the free speech of communists. None of these revisionists has ever advocated the overthrow of the Constitutional Republic. Why are communists treated better than free speech advocates? Could it be because most of those communists were Jews? And the spies who stole secrets for the communists and for the Israeli State have Jewish surnames, like Harry Dexter Weiss, the Rosenbergs, Jonathan Pollard, etc.

World Jewry erupted in a storm of protest against Mel Gibson’s movie “The Passion of the Christ” a full year before its release denouncing it as “anti-Semitic” well before the public had a chance to determine for itself whether such is the case. Hysterical Jews predicted that anti-Semitic riots would result from the showing of this film. Nothing like it ever happened. Those who accuse us of being “anti” this and “anti” that are the real antagonists. It’s pretty obvious which ethnic minority consists of false accusers. The Biblical name for the false accuser is “Satan.”

With impunity, the Jews are free to accuse anyone of “anti-Semitism” while, on the other hand, it is always illegitimate for non-Jews to even mildly criticize Jewish causes or question Jewish motives. The greatest sin one can commit is to accuse a Jew of wrongdoing. The hypersensitivity of the Jewish community to criticism is suspicious in itself, for no other ethnic group engages in this sort of systematic, blanket censorship. Catholics, Italians, Poles and Germans must sit and take it while the darlings of “diversity,” such as homosexuals and Blacks, are given favorable treatment by the kosher press. The Jewish community lives in terror that if one of its lies is exposed, all of their lies will be exposed. Hence, no fact may be discussed without their interference. World Jewry engages in the vilest persecution of anyone who dares to question the hoaxacaust. Reporters who dare to expose the illegal spying of the ADL and the ADL’s undue influence in law enforcement become targets for smears, intimidation and beatings.

Christopher Bollyn of the American Free Press was recently so targeted, shocked with a tazer, handcuffed and thrown to the ground with an “officer’s” knee pressing his face to the ground.

Jews in America openly advocate for the principle of “separation of church and state,” yet not a single Jew has ever been heard to argue that the theocratic government of the Occupation State, otherwise known as the Terrorist State of Israeli, should be asked to drop its religious requirements. Both “liberals” and “conservatives” keep their mouths shut about this blatant hypocrisy for fear of the Jews. Since most non-Jews know absolutely nothing about the religion of Judaism, they assume that the Jewish people are like everybody else. That would be a false assumption because the rabbis, and the religious and secular culture they have created, demand that Jews be a subversive culture wherever they live.

A Subversive Exclusivity

To hear the Jewish version of events is often the only alternative. Given the Jewish control of America’s media, opposing points of view, as soon as any perceived contradiction of Jewish opinion begins to manifest, are unanimously shouted down, often by the very same people who, in non-Jewish matters, uphold the principle of freedom of speech. This is not a new phenomenon. The unspoken law, “Thou shalt not criticize the Jew,” is actually a part of the Babylonian Talmud. It becomes the unwritten law of the land. It is part of the overall Jewish double standard that very gullible and trusting non-Jews are simply unaware of. It is built into the Talmud, which is, for all intents and purposes, a supremacist document, because it declares non-Jews to be in a subhuman relationship to Jews.

The Jews are always butting into our business with their lobbyists but we are never allowed to examine their business. We give them \$6 Billion a year for their Occupation State but we are not allowed to ask what they are doing with the money, such as why they don’t use it for peaceful purposes. It’s none of our business, they say. They are very secretive about their dealings. They are experts at keeping us in the dark about their true motives and aspirations. Since most non-Jews are relatively guileless, it comes as a great surprise to most of us that these people are filled with guile towards us. It is the fulfillment of Genesis 3:15. The rabbis go to great pains to instill in their young Jewish students an animus toward the host. The Jewish grade school text, the **Toledot Jeshu**, teaches Jewish children that Mary was a whore and the Jesus was the offspring of a liaison between Mary and a Roman soldier.

Judaism is nature’s strangest exclusivity. It always requires the presence of a perceived “outside threat” to maintain itself. Hence, outside of their ghettos (a “ghetto” is also a state of mind), Jews are suspicious of their own shadows and quick to accuse others of the very animus that they themselves harbor most.

It is the exclusivity of the parasite. Since the Jews have always refused to assimilate into any country where they have lived, many have accused them of being a fifth column, always subverting their hosts and causing social chaos, often leading to revolution. The parasite always destroys the host if the parasite grows too strong.

The Exclusivity of the Chameleon

Since the Jew propounds so many contradictory doctrines, it is difficult to pin him down ideologically. All of this is part of the Jewish survival strategy. The Jew needs to be able to adapt to current trends, so he has a wide range of ideologies to cloak himself in. "Liberal," "neo-conservative," "anarchist," "communist," "patriot," these are all mere labels that the Jew hangs around his neck in order to fool the goyim.

Always feign weakness (persecution myth) so as to gain the advantage (the Talmudic State Within a State).

Non-Jews must give up on exclusivity so that the Jews can practice theirs, thus achieving a monopoly on exclusivity. In America, Jewish organizations, since the 1890's, have constantly agitated for non-White immigration into America so as to weaken White Christendom. At the same, they encourage non-Whites to celebrate their own "African-American Heritage Day," or "Mexican-American Heritage Day," yet when Whites, who built this country, wish to celebrate our own heritage, we are called "racists." How can this double standard be tolerated by the media? It is because the Jews own the media; and the media (Hollywood, MTV, fashion magazines, teen magazines, etc.), with its pro-homosexual, pro-feminist, pro-abortion, anti-Christian stew of decadence, has become the model for morality in the modern world. The Christian churches have abrogated their moral responsibility for fear of the Jews.

The Jewish community generates a host of chameleon-like sub-groups that burrow into the host nation's fabric. Most of these sub-groups are able to mimic the host nation's structures so well that the victim people never know they have been invaded. Feminism takes over home economics. The hoaxacaust trumps freedom of speech. Homosexuality ruins the sexual health of the victim nation. Pornography objectifies women and exploits their beauty and turns them into a commodity. Unknown to most Christians, the Israeli State is the world's leading importer of sex-slaves, usually White women from Russia and Ukrania who are doped and exploited in Israeli nightclubs. Abortion weakens and reduces the host population while the welfare state promotes the reproduction of the lazy and incompetent, all at the expense of White Christendom. The ADL spies upon and demonizes all critics, real and potential. Jewish paranoia rules the air waves, while the Zionists, the real, super-rich perpetrators of war, international finance and mercantilism pretend to the victims of persecution.. Multiculturalism destroys the host's identity. Drug addiction immobilizes the youth. Control of media assures the parasite that only the most observant and unbribable of the host people understand what is happening. Those who give warning are thus mercilessly attacked and ridiculed for telling the truth. All the while the unsuspecting host people fret and wonder why their society is crumbling. Few have the courage to speak up against the parasitic invader.

The holocaust, the greatest of all hoaxes, next to the "Chosen People" myth, transfixes the host nations and horrifies their common sense into a tragicomedy of false emotions. Nations genuflect before the holocaust museums, all built at taxpayer expense, of course. Parasites love to get their victims to do their dirty work for them. The parasite sheds crocodile tears while the bedazzled public offers real sympathy for the supposed victims and real hatred for the non-existent perpetrator. No forensic evidence of the holocaust has ever been produced and no public debate is allowed. The German people

somehow manage to survive bearing a monumentally false guilt. In public, the parasite chuckles under his breath and guffaws like mad once his door is closed. “*There’s no business like Shoa business.*” What a knee-slapper! “Can you believe it, Schmuel? The goyim actually believe this crap!” Like bank robbers jumping with glee in their hideout after a successful bank heist, the hoaxers get more and more reckless with their stage shows, like the “Dancing Israelis” who were filming the attack on 9/11 from across the river. They just happened to be there with their cameras. What luck! No foreknowledge whatsoever!

The Unavoidable Confrontation

Since the Jewish people have been historical pariahs in every nation they have dwelt, the question must be asked: Is it because non-Jews unjustly hate them; or is it because Jewish self-interest inevitably conflicts with the societies they inhabit/inhibit?

Throughout history, the Jewish ethnic minority has always agitated for special privileges for itself while at the same time it has ceaselessly agitated for the exact opposite for Whites, especially White Christians. They claim that this tactic is justified for their “survival.” Yet, this tactic is hypocrisy itself, because it justifies Jewish separatism and exclusivism while denying the same right to their perceived enemies. But, as in Palestine, these “enemies” never did anything but mind their own business before the Jews moved in. This cultural neurosis is exploited to the hilt by the rabbis. They use the persecution myth to agitate and manipulate their flock while at the same time they use it to browbeat the host. With their unlimited financial resources, they bribe their way into power. Only a very strong culture can resist the advance of this parasitic invader. Queen Isabella was just such a strong figure when she expelled the Jews from Spain in 1492. The Christian West has no such leaders today. All of our politicians are playthings for the International Jewish Mafia, otherwise known as Zionism. Jewish newspapers keep their flock fully informed as to how the cultural war is going. The Jewish flock values its rabbinate by the visible concessions their leaders extract from the host’s politicians.

Unlike the Roman Catholic Inquisition of the Middle Ages, which was very public, the Jewish Inquisition takes place behind the scenes. The public, distracted by soap operas, sports spectacles, pornography, and pseudo-politics, pays little heed to real politics.

The parasitic entity works ceaselessly to achieve positions of power by which their exclusivist culture can thrive. By taking over one profession after another, such as teaching, doctoring and lawyering, the parasite steadily advances its tentacles into the host. Once the parasite is securely attached in the host nation, the agenda proceeds toward gaining positions of power within the government. The fear-mongering rabbis constantly inject animus against the host nation into their flock of goats (the Jewish people) as though the host people were always about to exterminate them. It never fails. Whatever country the Jews move into, that country is demonized by the rabbis as the Jews’ worst enemy. There’s an “anti-Semite” under every bed! But this lie is contradicted by the mere fact that nation after nation has allowed them to come in and allowed them to prosper without any hindrance whatsoever. The rabbinical fear-mongering is guaranteed to become a self-fulfilling prophecy. It usually takes three or four generations before this

prophecy comes true. This is especially true in White nations where the people have not received instruction about the perfidious nature of the parasitic Jew.

The unsuspecting new country, taking pity on them, always takes their word for it when they cry “persecution,” and the next victim becomes infected. Typically, there is a brief objection from those who know Judaism better than the rest of the population. This minority of objectors is always shouted down as being motivated by hatred or “anti-Semitism.” With the vast amounts of money that the Jews usually bring with them, the bribery of politicians is a simple matter. They eventually find a Woodrow Wilson or a Franklin Delano Roosevelt or a Harry Truman or a Lyndon Johnson or a George Bush to do the dirty work of international warfare for them. Democracy parades, but subversion reigns.

Eventually, the infection causes a fever and the host begins to sweat blood and tears. Peace-loving citizens blame the politicians for things they cannot control. Can the puppet control the strings? Only as the victim becomes very ill does he begin to suspect the presence of the parasite. By then it is usually too late. Corruption has set in. The disease is very far advanced. Death approaches. Revolution comes.

Before the French Revolution, the Jewish parasite was held in check by monarchs who had the authority to eject the parasite without too much trouble. Executive decisions could be made without having to consult a parliament. This was an era when the Christians always had the military, religious and secular power while the Jews only had the money. Since the French Revolution, Jewish money has been able to purchase armies and nations. One of the main goals of the Jewish secret societies, such as the Freemasons, B’nai B’rith, and the Illuminati, has been to eliminate the monarchies and substitute democracies in their place. This eliminates the strong monarch who acts to defend his people from the alien parasite. Democracy is no match for this parasite. With his total command of the money system, such as the Federal Reserve Bank, the Bank of England, Deutschbank, etc., he easily worms his way into every bureaucratic office, eventually rising to the top office. That’s when dictatorship, in the guise of democracy, raises its ugly head, as the Russian people discovered when the Jewish Bolsheviks massacred Christians by the millions. Democracy is the favorite culture dish for this rapacious parasite, because so few can see the fraud that is happening and because politicians are so easily compromised.

The Jews always demand exclusivity for themselves and reject that right for anyone else. It is impossible for such a systemic and endemic double standard to be maintained without the grossest injustice being committed against non-Jews. For Jews, this is merely a necessary casualty of their cultural wars for survival. For the rest of us, it becomes a tyranny of the elite, alien minority. Usually, by the third generation, the Jew has fully adopted the appearance and customs of the host people. But their “us against them,” ghetto mentality is as strong as ever. Only the trained observer has an eye for the alien invader. But as the parasite grows in power with respect to the weakening host, his presence becomes more apparent because his appetite for power increases, his confidence grows with every office usurped and with every Christian destroyed. His demeanor becomes more tyrannical with each little success. The Jew’s powerlust eventually exposes him. The people become restless and agitated by their worsening circumstances. Then comes the confrontation

An empire based on deceit cannot stand. The only question for us Christians is how many of us here in America have to die before the parasite is expelled. This is going to be a bloody, bloody battle. The sooner you realize this, the more able you will be to defend your family and protect your children's right to life. The Bible calls it the Judgment Day.

A Curse, Not a Blessing

The Jews have the distinction of being the only ethnic group that has been forcibly ejected from virtually every nation in which they have resided. Fulfilling not the prophecy of Abraham's seed being a "blessing to the nations" but rather the prophecy of Cain's being a perpetual wanderer, even their claim of being "G-d's Chosen People" is a pious fraud. If ever there was a culture that thrived on its own public relations capability, it is Jewry. Throughout history, these people of ill repute have managed to gain entry into every new nation with the excuse that "*The old country has persecuted us. Please let us in.*"

Given this fact of Jewish expulsions from nearly every White country in which they have dwelt, there must be an obvious incompatibility. But, it is never permitted to ask the obvious question: "*Why are the Jews always hated and then evicted from the nations that host them?*" On the rare occasions that the question does arise, the pat answer is always "*Persecution.*" No explanation. No discussion. Anyone who brings up details of Jewish usury, vice, skullduggery, treachery, debauchery, animus and treason is laughed at until the parasite has virtually destroyed the country. Only then do the rest of the people catch on to Jewish tricks.

Here is the assessment of Mikhail Bakunin, the famous anarchist, who was for many years a close associate of both Karl Marx and Moses Hess, the Jewish founders of communism. His experience was up close and personal:

"Marx is a Jew and is surrounded by a crowd of little, more or less intelligent, scheming, agile speculating Jews, just as Jews are everywhere, commercial and banking agents, writers, politicians, correspondents for newspapers of all shades; in short, literary brokers, just as they are financial brokers, with one foot in the bank and the other in the socialist movement, and their arses sitting upon the German press. They have grabbed hold of all newspapers, and you can imagine what a nauseating literature is the outcome of it."

(This quote should give you pause to think about what is happening in America today!) Continuing:

"Now this entire Jewish world, which constitutes an exploiting sect, a people of leeches, a voracious parasite, closely and intimately connected with one another, regardless not only of frontiers but of political differences as well – this Jewish world is today largely at the disposal of Marx or Rothschild. I am sure that, on the one hand, the Rothschilds appreciate the merits of Marx, and that on the other hand, Marx feels an instinctive inclination and respect for the Rothschilds. This may seem strange. What could there be in common between communism and high finance? Ho, ho! The communism of Marx seeks a strong centralization, and where this exists, there are the parasitic Jewish nation, which speculates upon the labour of the people..." -- from **Polemic Against the Jews.**

This assessment is confirmed by no less an authority than Theodore Herzl, the founder of the Zionist movement:

“When we sink, we become a revolutionary proletariat, the subordinate officers of the revolutionary party; when we rise, there rises also our terrible power of the purse.” -- from his book, **The Jewish State**.

Is there any doubt that Judaism is a parasitic, subversive culture? Not in the minds of the Jews. The chameleon is an expert at keeping the goyim dumbfounded by opposite extremes. By infiltrating the opposing parties of the host nation, he subtly maintains the appearance of rational debate while at the same time preventing discussion of the issues most crucial to the survival of the state, such as Jewish interest in the Middle East. The attack on Iraq cannot possibly be for the benefit of the Jews, they say. The real reason is because “Arabs hate democracy.” He is the puppeteer and the goyim are the befuddled masses:

“In all Bolshevist institutions, the heads are Jews. They are contemptuous of everyone, which excites the people against them. They look upon Bolshevism as a Jewish affair... There is a great national religious fervor among the Jews. They believe that the promised time of the rule of ‘God’s elect’ on earth is come.” -- from the **Canadian Jewish Chronicle**, Oct. 8, 1923.

The reason why the Jewish people are always a stand-offish and secretive race is because theirs is a culture of subversion. Christians often tell me that “Not all Jews are as bad as you say.” That is an irrelevant point. You should not be concerned with the potential salvation a single Jew if the Jewish nation, as a whole, is out to destroy your race and your religion. You should be more concerned with the salvation of your own race and your own family, heritage and religion. The enemy has thoroughly infiltrated your house and you are more concerned about his “salvation” than you are about the destruction of your house. This is exactly how the parasite wants you think!

The words of our Savior: *“Fear not them which kill the body, but are not able to kill the soul: but rather fear him which is able to destroy both soul and body in hell.* (Matt. 10:28) *“Whosoever therefore shall confess me before men, him will I also confess before my Father which is in heaven. But whosoever shall deny me before men, him will I also deny before my Father which is in heaven.”* (Matt, 10: 32, 33)

The Jews have always been, without any denials on their part, the world’s foremost Christ-deniers. You can wait till doomsday for the Jews to accept Christ. That will never happen because they are not His people. He told us many times and in many different ways that the Jews are the children of the devil and the lusts of their father will they do. They crucified Him once and they would do it again if they had the chance because they are the children of the devil. Stop trying to convert the devil and start focusing on the national salvation of true Israel. This is a war, folks! Stop trying to help the enemy who knows only how to destroy your race! Gullible, sensible, compassionate Christians worry about whether Jews can be saved in spite of their denial of Christ. At the same time they do not perceive how they have come to worship the Jew because of his claim to be “God’s chosen people.” Their pulpitmasters ignore Christ’s warnings, “Beware of false prophets,” because they themselves are those false prophets who have been hired by the Jews to create that bastard religion called “Judeo-Christianity.” How can you combine two diametrically opposed ideas, one which denies Christ and the other which deifies Him, into one faith? Don’t you see the absurdity? The duped masses

repeat the mantram to themselves: “My enemy is my friend. My enemy is y friend. My enemy.....”

Is it possible for an ethnic minority that forbids its own assimilation into a culture to remain at peace with that culture? Let’s put the problem in perspective. Suppose you, out of the generosity of your heart, invite a poor man into your home. You feed him, clothe him, even give him his own room while you encourage him to find a job and establish himself. While he is out job hunting, you continue to give him free food and shelter. While accepting all of this help from you, the man is exceptionally stand-offish. He prefers to have dinner brought to his room. He does not wish to associate with you and your family. He tells you it is his religion. You accept this explanation without complaint and say to yourself, “*Soon, he will be able to support himself and get his own room.*”

One day, while cleaning his room, you find that he has a bag of gold hidden in the corner of the closet. You are puzzled by this. You say to yourself, “*If he has all of this money, why is he still accepting my charity?*” Upon confronting him with this fact, he goes into a rage and accuses you of prying into his personal affairs. Being the good-hearted person that you are, you let this incident go by without too much complaint, but you tell him that he should starting thinking about moving out, given that he has more money than is appropriate for one who is accepting charity. But the man takes his sweet time and doesn’t want to move out. The family is beginning to suspect that their charity is being abused.

Then, one day, you open up the daily newspaper and see his picture. The article says he has been accused of fraud and was released on bond. When he returns to your house, he, as usual, goes straight to his room without saying anything to the other occupants of the house. Newspaper in hand, you knock on the door and confront him with the news article. He swears that he has been falsely accused. “*I am a good man. I have done nothing wrong.*” Yet, you know he has lied to you and he has been holding out on you and is living with you without any gratitude and without being at all sociable with your family.

At this point, you gather your family together and talk about what to do with this thankless freeloader. The family decides the time has come to throw him out and they call the police.

Throughout history, the Jewish people have lived off the sympathy of the host nations in which they have resided. Invariably -- I repeat, INVARIABLY – the Jewish people wear out their welcome because of their self-interested, amoral and immoral exclusivity. Also, invariably – I repeat, INVARIABLY – the Jewish people, as an ethnic minority, become wealthier and more politically connected than the host people, because that is what the rabbis have trained them to do. Also, invariably – I repeat, INVARIABLY – the Jewish people agitate for their own self-interest in direct opposition to the people of the host nation, thus biting the hand that feeds them. This pattern has repeated itself time after time after time, yet when the Jews get thrown out of yet another country, they still cry foul and accuse those who can no longer tolerate their presence of “persecution.” It’s an old story for an old culture that has survived for two thousand years. Living off their wits and preying upon the sympathies of the people of the host nations, the Jews have always worn out their welcome. This pattern is as sure as the rising of the sun.

Abraham Lincoln said, “If it looks like a duck, walks like a duck and quacks like a duck, it’s a duck.” Jesus said, “By their fruits shall ye know them.” We have to look past their words at their deeds. Thanks to their mastery of propaganda techniques, the Jewish parasite just looks like an ordinary citizen to the unobservant. They even produce horror movies which explain how they operate by assuming the identity of the victim, but the audience is too scared and too distracted to notice the Jew’s gloating.

As we all know, all good things come to an end, even for parasites. Eventually the host comes to the realization that he has been harboring a destructive, burrowing worm, a con artist who has been taking advantage of his generosity and guilelessness. Pretending to be piously religious, the con artist secretly runs a bookie joint, a porn shop, and a speakeasy, all while selling weapons to the enemies of the host. And you wonder why the neighborhood is going bad.

The good people of America are now learning what other nations have learned in the past. It is a very, very difficult lesson. The lesson is this:

Hypocrisy, thy name is Judaism.

Anglo-Saxon Friends: It is a rare treat when one gets an honest report from a Jew. Lest anyone think that I am making things up, I am including this excerpt from an essay by the Jew, Maurice Feuerlight. Mr. Feuerlight uses the expression “martyr complex” for what I call the “persecution myth.” It is always refreshing to hear the truth from one’s adversary:

The far reaching consequences of the martyr complex go beyond any effect on the individual Jew and the practice of his religion and beyond the narrowing prejudice with which he confronts Gentiles. The insidious martyr complex and its many manifestations do not leave unmarked even the most kindly and sympathetically inclined Gentiles.

I prefaced my case by stating that friendly Gentiles fear to offer timely and constructive criticism, lest they be accused of prejudice. Such persons as my high school teacher, the dean of my college, sincere writers on the subject have all, as a rule, been confined to the expression of pious platitudes, lest it be thought that the slightest word of criticism carried a tinge of animus. Individuals always find it hard to accept criticism, even when they know it usually springs from a genuinely sympathetic interest in their welfare. Jews are individuals. Add to that the martyr complex, and anything more than gentle exhortations extolling “tolerance and understanding” becomes freighted with dynamite highly injurious to friendly intercourse between the groups.

By thus cutting off honest criticism any attempt at constructive evaluation of the very real differences and prejudices existing, the Jew guards himself against one of the most healthful balances any man can have – the point of view based on a broad perspective. [By deliberately insulating themselves from outside criticism, Jewry maintains its delusionary state of superiority. The false idea that the “the host is out to get me” justifies the subversive attitude and tactics. The goats are well trained by the rabbis. – Eli]

The Jew, who is certainly primarily an individualist, forgets his group reactions, overlooks the religious issues and human problems to which his martyr complex contributes, and complains bitterly because he is not accepted by the world as an

individual first and a Jew second. He forgets that his first reaction is that of a Jew; that perhaps his failure to get a job is due to dirty fingernails rather than a Semitic [Sic! The Jews are NOT Semites! That is part of the rabbinical con game! True Shemites have straight noses! – Eli] nose. If a daily newspaper should state that “Isaac Rubens, 26, Jewish, robbed the Smith grocery store last night,” every Jew in town would be up in arms against the editor for publication of the gratuitous label. But, if Albert Einstein presents a revolutionary scientific theory, those same Jews glow with satisfaction at a reference to “the great Jewish scientist.” We must decide whether we want the world to think of us as individuals or as Jews. -- Maurice M. Feuerlight, Where the Jews Fail, pp. 12-14.
